# The Store That's So Different!

YOU have doubtless read and re-read many Clothing Advertisements!

You have been pestered with big type and you have been reasoned with in small type!

You have been plied with advertised reductions so unreasonable that your good sense at once stamps them as fictitious.

## Here's a Store That's Different

**Men's Suits and Overcoats**  
**Exceptional Merit**  
**\$8.50, \$10, \$12 up to \$25**

We are not giving away Clothing or conducting our store out of pure generosity to the Public.

We sell no \$15 Overcoats for \$7.88, nor do we sell \$20.00 Suits for \$10.99.

We claim to be a fair-dealing, wide-awake Clothing House—always giving you the best possible value for your money, and every ready to make any wrong right. Surely, no one will or can give you more for your money than we will give you—and you can certainly do no better than to make this YOUR CLOTHING STORE.

deuces usually turn back. He will make BRINGING UP FATHER most magnificent than anything he has ever produced. A car load of scenery and electrical effects is a very necessary adjunct to a good play, as is a good book and catchy music. Incidentally a few female beauties. A car load of female beauties is probably the most valuable asset to a play of that kind and Mr. Hill has a car load, and it's Pullman too.

The real novelty in BRINGING UP FATHER is found in the fact that the cast was elected entirely from vaudeville performers. Indeed, the entire play is simply an extended vaudeville act, with plenty of wit to give the thing zest.

And the producer who sometimes seems to know just what theaters

## COLLEGIATES VS FRONTIERS

(Kingston Whig)

Kingston has a hockey team that should go far into the running for the junior O.H.A. honors this season, and the team showed its playing quality on Saturday evening. The Collegiates defeated the Frontiers by a score of 8 to 3 and proved that they are in a position to be out of the district and compete for further honors.

The game was the third between the two local teams and the last competition was very keen. The Frontiers were determined not to take a third defeat at the hands of the Collegiates and E. S. Slater's boys were just as determined that they would prove their superiority. The Collegiates lined up in the old way but there were a couple of changes on the Frontiers. The team was referred by Eddie Long, of Belleville. The team was almost always defeated by one of the players, with an average of two all the time. This does not mean that the play was dirty, but was the result of the playing with which the referee enforced the rules.

The ice was good and the play opened in a spirit of sport that promised no exciting game. The first period proved to be a very close exhibition of skill, with the Collegiates leading. The play continued very fast and the large crowd of spectators was kept on its feet all of the twenty minutes.

The second period had only gone 12 minutes when Toledo made the first tally on the Frontiers. The Collegiates brought the crowd down and Toledo from twenty feet out. The second came two minutes later when Ferguson, Gratton and Paul again took the lead. The latter scoring. The Frontiers came back strong and played spiritedly but could not prevent Carter making a third. Oliver, however, started the scoring of the other half, and scored twice. He had several more looked probable. Both teams checked well and the goalkeepers had a hard night. The latter, Stewart and Elmer were both made in scrimmages close to the nets.

In the third period the spirit of retaliation was strong in the Frontiers, and both teams started scoring. Carter and Elmer got into it right and were at fifteen twenty seconds before the referee stopped the game. At the victory it is difficult to choose the star. Ferguson as ever showed up well in his game, and Carter did not enter this world. Carter, Toledo stayed on his feet, the most of the time and completed the first half of his line.

The lineup—  
Collegiates: Toledo, goal; Ferguson, defense; Carroll, defense; Paul, forward; Stewart, center; Toledo, wing; Gratton, center; Elmer, wing.  
Frontiers: Holman, goal; Hall, center; Milnes, defense; McGill, forward; Winston, center; Stewart, wing; Elmer, wing.

# NEW An Extensive Display Of DRAPERY MATERIALS

## We Make DRAPES To Order

This department of our store is being taken advantage of more and more every season, and that it is not at all surprising when one considers the advantages it offers. The Drapes are all designed by an expert and made in our own workshop. A cent is charged for the designing, or measuring. You pay only for the materials and the time making, and you have a Drapery made up to your own individual taste and needs at an Extremely Reasonable Cost. (3rd floor)

## Cretonnes Art Chintz Scrims

## Linen Taffetas, Shadow Cloths Silkolines Denims Marquisettes

We have just received a magnificent showing of these popular materials direct from one of America's foremost mills. The range is varied and represents the newest and most artistic designs for Spring, 1916. The assortment is well chosen and would do credit to a much larger store in a larger city.

Our space is limited and the new materials cannot be described in detail, but we would draw your attention to several new designs in color combinations such as a fine quality Art Ticking in a pretty shadow stripe. Shown in Rose, Blue and Green color combination, 31 in. wide, at 50c. yard. Also Fuchsia Pattern this is a large border design of an American Heavy Rose in a shadow effect, in a reproduction, priced 50c. yard. Sparkler, a pattern taken from an old English Tapestry, in two colors, Rose or Black grounds predominating. Priced at 50c. yard. The Bedouin Cloth, a heavy soft fabric, suggests an excellent drapery for Living Room, Dining Room, Den, Library, 65c. yard. The Black and White Striped Patterns in the latest effects for Spring decoration are very beautiful, also a large range of pretty Art Chintz, ranging in width from 31 to 39 inches, and priced from 25c. to \$1.00.

dent, a letter by Henry Wilson, and  
at Roberts told of plenty of turkey,  
meat, and abundance of  
fruit, and made by the  
men. The soldiers were given  
pork containing about a dozen useful  
articles.

"At noon we had a splendid dinner  
and had been served of the best  
so that all of the patients could sit  
together," reads the letter. It is  
Christmas night and men put on a  
concert in their big mess tent and  
the soldiers were very much  
operating scene. The performance  
course, made a great barbecue of the  
fair and introduced all sorts of  
entertainment, illustrating the character  
of the soldiers and their work."

# G.T.P. Uses Oil For 700 Miles

**Experiment Being Watched With Interest by Railroad Men in Canada**

The experiment which the Grand Trunk Pacific is carrying out of burning oil as fuel is regarded with interest by railway corporations, as pointing the way to a great revolution in the use of fuel on locomotives.

The Grand Trunk Pacific used as the oil fuel of truck in the West.

It has been found that it is possible to make up the oil fuel to complete and set up of plants at Jasper, McRae, Prince George, Kamloops, and Prince Rupert. The original cost was very much less than that of coal.

It is estimated that the use of oil will save the cost of the fuel, and the cost of the fuel will be saved.

The four men, with several others who were helping to fight the fire in the rooms above the Speaker's chamber, were taken to the hospital in the fire.

OTTAWA, Feb. 3.—(Special.)—The Parliament building is in flames. The fire started at 5.50 p.m. in the beautiful library building at the north side of the Commons building. It spread with tremendous rapidity.

When Madame Speaker descended sufficiently to speak she said that Madame Gray of Montreal and Madame Brown of Toronto, two of her friends, were still in the gallery. The Chamber by this time was a mass of flame, into which no one could penetrate and fire was everywhere.

**Hon. E. L. Paternau, New Minister of Island Revenue, Frankly Admits He Favours the Views of Bourassa, But Now Supports the Government, Honestly—Sir Thomas White Clears up Atmosphere**

OTTAWA, Feb. 23.—The debate on the Address came to a sudden and premature end. The Liberals had a thought of an amendment, they dropped the idea and the Address was carried without a division. Hon. Robert Rogers had planned to say up for the views of the Western Liberals. He had insisted, earlier in the afternoon, in debating Western and grain revenue, and the result was that the Minister of Public Works was crowded out of the House. The Minister could have waited until today, but as the debate had already dragged nearly three weeks, it was decided to bring it to a close.

Hon. T. L. Paternau, the new Minister of Island Revenue, had his maiden speech yesterday. There was more than ordinary interest in his address. He was a former supporter of Bourassa. He has been bitterly attacked by the Western Liberals. He was subject to considerable fire from the St. John's Western Liberals. He spoke in French so that the majority of the House were unable to grasp the full meaning of his speech. **Work of Insurrectionists.**  
 Suspicion is general that the fire in the case of insurrectionists. There has been fear for weeks that this would happen. But a triple guard has been maintained. Only the main doors have been open. The conspirators could have entered the place and how they got in of the blame are a mystery. The hour was mostly favorable. The House adjourned for dinner at 4. Members returned at 4.15, before 8. A fire armed entered the building. They had the proper papers and credentials. But the great corridors of the House were empty. The fire was making lurking places and dark recesses.

Fire Chief Graham's men, aided by the members of the 75th and the 101st, the conspirators rushed to the main entrance. For a time it looked as though they might succeed. But the fire chief's men, aided by the members of the 75th and the 101st, the conspirators rushed to the main entrance. For a time it looked as though they might succeed. #### APPEAL FOR HELP

#### OF SUFFERING SERBIA

The Serbian Minister in London has issued a stirring appeal to all the benevolent donors who generously have sent out their donations through the Serbian Legation for several relief funds existing in Serbia.

At the same time the Serbian Minister has announced that several relief funds in Serbia are sending through their appeal to all benevolent donors who are donors and members of all philanthropic institutions, churches, societies, and individuals, to contribute to the Serbian refugees, the starvation of the population staying at home in Serbia, the painful wants of the desperate mothers and women children, many of whom are destitute and exposed in the villages of Greece, in the Albanian deserts or in the rocky hillsides of Macedonia, without food, without fuel. The life of those refugees is now nothing other than a slow dying death. This help will be a real help, as it comes as quickly as possible.

Such appeals have been made in the following fashions: The Serbian Archbishop of Belgrade, the Relief Fund for the families of the fighting men; St. Helen's Relief Fund for the war; the Parliamentary Fund for the relief of Serbian refugees; the Serbian Relief Fund; and the Serbian soldiers.

The generous donors, who would like to help the needy Serbian families, kindly requested to send their contributions to the Serbian Legation, 155 Queen's Gate, London, S. W. Please do not forget to mark for which fund the donation is destined, so that it will be duly acknowledged.

OTTAWA, Feb. 11.—A discussion as to the loyalty of Canadian citizens of German origin, and of persons of German descent employed in responsible positions in the Government or in the Canadian military forces, furnished the feature of yesterday's sitting of the House of Commons.

The discussion arose just prior to the consideration of estimates, when Mr. J. D. Hahn, minister of marine, rose to a question of privilege to insist to certain observations made in the *Toronto* and *Ottawa* newspapers as to the propriety of the employment of Mr. Gustave Heidebrand, a private secretary to the minister, Mr. Heidebrand being of German origin. "Mr. Heidebrand was warmly defended the loyalty and good faith of his private secretary."

Mr. Blain warmly defended the loyalty and good faith of his private secretary.

General Sir Sam Hughes followed with a general championship of the bona fides of German-Canadians, with particular reference to Capt. Blain, of the staff, chief intelligence officer of the Canadian forces at the front.

Sir Herbert Borden, apropos of the Northwest Mounted Police estimates, then took occasion to commend the un-

SPORTING  
NEWS

**HOCKEY**  
**OFF FOR PETERBOROUGH.**  
The Belleville International team to play  
the 10th Battalion hockey team at Peter-  
borough this evening. The team is in  
good shape and should give a good ac-  
count of themselves.

The excursion train arranged for  
Thursday night, when the Belleville  
team will play at Toronto, has proved  
a popular one, and many will take it  
in. Two days away has been pro-  
vided for ticket holders. The train  
will leave early in morning tickets can be  
purchased.

**LINDAY DID NOT PROTEST**  
In Thursday night's game it was  
stated that Messrs. "Cap" Simpson  
and Jack Hewitt were in Toronto, it  
was understood, in connection with  
the standing of two of Belleville's  
players O. H. A. players. This is in-  
correct. Both gentlemen were in the  
city on private business. The story  
circulated today that Belleville was  
thrown out was a silly rumour—Linday  
Post.

The Port Hope Guide is referring to  
the Belleville and St. Andrew's. In  
fact, the Belleville team is the  
10th Battalion hockey team. The  
team is in good shape and should  
give a good account of themselves.

## RITCHIE'S

WATCH  
WINDOWSThe Rush Of  
New Spring Goods

AND it is a rush in real earnest. For weeks past the New Goods have been arriving  
from Home and Foreign Markets in huge quantities; but from now on there will  
not be a day pass that several cases of new merchandise are not added to our  
already large showing.

This season, as in former years, we imported all our woolsens direct from the fore-  
most mills in England, and already many of the materials are on show at the counters.

That this is to be a season of exceedingly Pretty Wash Fabrics is already assured by  
the advance consignments which have just lately arrived from the most authoritative  
mills in America.

Already the transformation is visible in many of the departments, especially  
those showing

Ladies' Coats, Skirts, Whitewear, Corsets  
Wash Goods, Dress Goods, Linens  
Draperies, Men's Hats, Cravats, Shirts

Our buyers have just returned from a most successful 8-day buying trip to New York,  
where they succeeded in purchasing a splendid collection of new things for Spring 1916.  
These will be here in a very few days and include the most up-to-the-minute tendencies  
in MILLINERY SHAPES AND TRIMMINGS, LADIES' AND MISSES' SPRING SUITS  
AND COATS, BLOUSES, DRESSES, NECKWEAR, and scores of other novelties too  
numerous to mention. These will be the very newest now being shown in New York  
City, the present Fashion Centre of the world, thus assuring you of the latest style effects.  
Come in often and watch our windows—there will always be something new on display  
that will interest you and that you will be pleased to see.

P.S.—Keep in touch with our advertisements—they will tell you when the new things  
are arriving.

## Field Comforts At the Front

Letter From Mrs. Macdonald Brown

The Executive of the National Service Committee, Canada's chief lady's organization for the supply of field comforts, have received from Mrs. Macdonald Brown, who is engaged in the distribution of field comforts from the front, the following interesting details of the work.

"We have also received a large quantity of material, including some quilts, and a rather small number of quilts. We've had scarcely any material of the kind since the last spring. The reverse of helmets and socks which we have had to make in large quantities, and the requisitions for these things are coming in in great force. I know that everything else gave way to the Christmas cheer which people were so anxious to forward, and which undoubtedly has given immense pleasure to the Canadians at the front, as a matter of fact, my address was in a letter that by the help of the front, they were able to get their things through the post, and came with which they were literally deluged."

"On the other hand, thanks to the generous quantities forwarded from Canada, we have been able to send a number of Xmas cheer to some of the soldiers and I think less than a year ago for units of the contingents."

"In answer to enquiries I always find the fact that the fact that we have been entirely upon requisitions. As you know, there is a number of people seemed to think that the Canadian War Comforts Association needed and should be when it would not, instead of, as has always been the case, only forwarding what we asked for, to the front, who, who."

The last paragraph of this letter deserves notice. It directs attention to the impartiality of this distributing agency. The field comforts are sent from Canada to the whole of the Canadian forces at the front, and they are distributed without favor to every battalion whose officers send a written request to the C.W.C.A. department. There is no such thing as one nation's or one person receiving more favor than any other battalion or person."

The Canadian War Comforts Association is doing excellent work in distributing the field comforts collected in Canada. To one need to be more confident, particularly in the fact that they can be controlled through our national organization, the Canadian War Comforts Association, which is the only organization in Canada or can be sent direct to point of shipment, Mr. J. H. Ward, St. John, N.B. They should be addressed to the Canadian War Comforts Association, and plainly labelled "Field Comforts." Each contribution should be sent to Mrs. Bruce, Treasurer, National Service Committee, 77 King Street, East, Toronto.

Letters to Mr. D. G. Palmer, Secretary, Canadian War Comforts Association, distribution Field Comforts from The National Service Committee Headquarters.

 To Operate Automobiles in Belle Ville This Year—Insane Fly Per Cent Means

Citizens of Belleville and the surrounding district, who intend to drive automobiles during the season of 1916, will find a great increase in the cost of upkeep due to two reasons. Gasoline, which was selling at 10c. a gallon a year ago, is now selling at 15c. and the likelihood of it going still higher. The second reason is that the provincial Government has increased the license fees.

The amount of gasoline consumed was as follows: 1910, 100,000 barrels; 1911, 100,000 barrels; 1912, 100,000 barrels. While the demand for the product has increased, the output from the oil wells has decreased. Taking Oklahoma, for example, we find that the oil output has decreased by 100,000 barrels per day.

 "Really?"  
 "Yes," continued Mrs. North. "Would you believe it, that girl has said she will marry a Frenchman."

**Weather-Proof**  
 Any man with a title to second health, one, had every decline in the teeth of the weather, even it is winter months.

It's wholly a matter of blood-circulation and tissue cells, and everybody knows that strength and vigor in these regards depend largely on food, nourishing food.

Much of the food in the ordinary dietary is lacking in certain vitalizing elements which Nature has designed for sturdy growth and resistance to disease. Especially is this true of white bread and refined flours, because in making flour, while most of the enriching mineral phosphates of the grain are thrown out in the milling process.

These vital elements are retained in the scientifically prepared food—

## Awoke Coughing, Slid From Window

Mr. F. P. Husey had hurried escape from Burning Building  
 "I was awakened at an early hour this morning coughing violently and found my room full of smoke," said Mr. F. P. Husey at Toronto, assistant manager of Travelers Insurance Co., Montreal, yesterday.  
 "Somewhat shocked, 'Pops'—'Pops' I found of bed, was in the front window, and assisted him in. Giving the alarm, I then hurried into my dressing and coat and jumped to the window sill, when somebody shouted, 'Don't jump here, there may be a fire.' I found the room and slid to the ground. It was some two hours standing in the snow in my bare feet. I was in the street. On reaching Yonge Street, I found two distinct explanations. I had been in the room and was just in time to see the lights on the east end of the building flash."

"I have just been doing some shopping," he added. "The clothes I have on are borrowed."

**THE VALUE OF LAUGHTER**  
 The study of Laughter, the cartoon, has been raised to Science a year. Laughter may bring his annual income to \$100,000. Raymond Hirsch, and Elmer Hirsch are reported to have "much" cartoons calling for more than the American people pay for their "mood." Many of the Hirsch cartoonists net over \$100,000 a year, and some of them are responsible for more circulation than the Hirsch cartoonists.

These salaries are not so important in themselves, as in what they imply. People will pay with their lives for the things that they want. What do we pay for the things that we want? We pay for the things that we want. We pay for the things that we want.

## Taxed For Fire Protection

**Access to Officials in Fighting  
Is Compulsory — Quebec  
Insisted Right to Tax Out-  
side Laborers**

OTTAWA, Feb. 23. — In order to  
know forest fires in the provin-  
ce, Jules L. Landry, minister of  
forestry, intends to introduce  
a bill at this season of the Legis-  
lature amending the provincial  
forests. Some important changes  
must be made.

One of the proposed amendments is  
to require persons between the ages of  
16 and 50 may be called on to aid Gov-  
ernment officials in fighting fires, and  
to respond to the call of the Govern-  
ment in such cases, unless they  
submit valid reasons for refusing  
to act as fire fighters. For each  
year they work for the Government in  
this way.

they will be paid \$1250 to the owner. The new amendment aims to reduce the number of free from railway trains. The owner of the land must be required that timber land shall clear the trees from the distance of railway tracks for at least a distance of 100 feet on each side. The new Government forest legislation provides that clearing must be completed in the summer months without the aid of the Government foresters. The Minister of Lands is introducing a bill to be introduced to make an amendment to what shares of the land transferred to the companies have been transferred. The bill will transfer the land to the companies and this will enable the companies to clear the land. The bill will be introduced to the House of Commons.

the inventor may be cut off by patent law. The uncertain element is the supply of labor, and this is the issue of the war is decided one way or the other for the best.

It is, however, a historic fact that the war has had in the past caused by the war have been followed by emigration to the North American continent. An important factor in these emigrations has been the heavy taxation which has resulted from war.

Although there is reason for believing that the war will cause a shortage of labor in the countries which may be subjected to those now current in the taxation required in payment of the war, it is probable that the war will tempt many to translocate their homes across the Atlantic.

It is this movement from Central Europe to the United States which will be directed no doubt to the United States, and may be a factor in the war through the war of

**Very Simple.**  
"My wife is going to that masquerade as a simple fisher maiden," he said, "and I am going to borrow a fisher's costume. What a simple maiden?"  
"You are a simple man," said the lady, "and you are going to ruin your life. Going to have one of those houses constructed for \$2,000."

## SUCCESS STORIES ON BELLEVILLE JUNIORS

Splendid Performance by Belleville Juniors at Limestone City—Travelled all Around the Famous Collegiate Team and Won Out 8 to 2—Any One Else Looking For Extinction?—Quite City Proud of Her Boys

Belleville... K.C.I. ... It was a great night in Kingston for Belleville. The score once gives the game in short form. There was nothing in it after the first period but Belleville, and those little puck-chasers from here were handed a solid slap to the coxswain's rail from the K.C.I. Juniors. It was evident that they had the entire theatre of war completely bewitched up. They had favored their friends it came along on a special train to meet the most-visited arena less. It was said that they had the entire team of Toronto have been told to be the only team in the junior series by the Toronto pen quiblers, but if you will cast your eye over the record of this great Toronto aggregation, you will wonder at the weak teams that have been asked to contend with. Wait until they meet a real team like the local boys. Of course Toronto players nervously did not think that Belleville were the best team against St. Andrew's, but then, what is the use of our boys showing their hands against St. Andrew's, the best team that has been asked to meet the local boys? It was said that they had the entire team of Toronto have been told to be the only team in the junior series by the Toronto pen quiblers, but if you will cast your eye over the record of this great Toronto aggregation, you will wonder at the weak teams that have been asked to contend with. Wait until they meet a real team like the local boys. Of course Toronto players nervously did not think that Belleville were the best team against St. Andrew's, but then, what is the use of our boys showing their hands against St. Andrew's, the best team that has been asked to meet the local boys?

## RITCHIE'S A SUPERB SHOWING OF NEW DRESS GOODS

To Sell At Prices That Save You Money If You Buy At Ritchie's

This season as usual we imported practically all our Wool Dress Goods direct from the manufacturers in England. This in itself makes it possible for us to sell Dress Goods at a great saving to you in price. But the fact that we placed our order months ago, before the drastic increases of woollen goods, places us in a position to offer our customers some splendid values on their Dress Goods needs. The showing already on display at the counters includes the following in the season's pet shades—Serges, Gabardines, Santos, Armares, Caprice, Magini Fine, Poplins, Bedford Cords, Aurora Cords, Black and White Checks, etc. Your inspection invited.

## SILKS FOR SPRING

This is to be a Silk season; that much is assured; and more especially it is to be a TAFFETA SILK season, for this is the most favored Silk for Spring. They are using it for Dresses, Suits and Blouses, and we have stocked heavily to meet the big demand, showing it in all the leading shades, including black, priced \$1.25 to \$2.90 yard. Messaline Silks in black and all the best shades \$1.50 to \$2.50. Paillette Silks \$1.50 to \$2.50 yard. Charmeuse Silks in all shades and black, \$1.50 to \$2.50. Field and Striped Silks for Blouses and Trimmings, 75c to \$2.00 yard. Floral Silks for Dresses and Blouses, \$1.50 to \$3.00 yard. Let us show them to you.

## OUR FIRST SHOWING OF NEW SPRING SUITS

Of course we have been showing them in the Department for several days; but tonight we are going to let you have a peep at a few of them in the Spring Window, and these will give you an idea of the new suits that are being shown in the North West. Suit prices, \$15.00 to \$39.50.

# BERLIN REPORTS FRESH INJURIES BROKEN AND DRUMBOYS FLEEING ENEMY CARRIES OFF BRANDENBURG BY SALONICA DRIVE

## ASK FOR FRENCH CANADIANS

Large Deputation Selects Good Offices of Sir Robert Borden

OTTAWA, Feb. 25.—A deputation of the French-Canadian Educational Association which was escorted to the grounds of the Parliament Buildings by a crowd of 1,500 supporters of the bilingual schools Sir Robert Borden counseled moderation and the avoidance of violence and extreme measures, and at the same time explained that the "law" was one which lay with the Ontario Government and not with the Federal Government. The crowd, which was composed of the bilingualists, carrying banners and cheering, marched up from lower town to the steps of the East Block, they were then by the Dominion Police. Only eleven of their number were allowed to pass the grounds and to enter the building. The crowd remained outside, but it was not so orderly and dispersed as soon as the deputation came out after interviewing the Prime Minister.

The spokesman for the deputation was Hon. Senator Belmont. Hon. Father Schmitz, M.P. for Laval, Hon. Senator, Chairman of the Ontario Separatist League, who presented to the Premier and the Prime Minister, the Government who were with him, Hon. Messrs. Blouin and Gauthier, a petition which was presented to the Ontario Government asking the release of the French-Canadian school. The deputation explained that the cause of the petition was the fact that the Premier was to make him acquainted with reasons for the report of the fact. They expressed the hope that he would use his good offices to secure favorable consideration from the Government.

The Prime Minister said that he was very glad to see the deputation, and he expressed his regret that the difference which was not an action, threatened the Province had not been amicably settled. He said, however, that the Government of Canada was not in a position to take any official action, and in question at least was one entirely within the purview of the Provincial jurisdiction. In conclusion, he advised the bilingualists to respect the law, and pointed out that violence and extreme measures were more likely to be taken than to promote the peace which the delegation had a heart.

## IMMIGRATION AFTER THE WAR

In considering the question of probable immigration after the war, significant figures regarding emigration during the war must not be overlooked. Says The Monetary Times: According to the preliminary emigration returns for 1915, just issued by the Imperial Board of Trade, the arrivals of British subjects in the United Kingdom from the Dominions have actually exceeded the number of those emigrating to 15,000. In the twelve months, 20,000 persons of British birth are recorded as having left countries outside of Europe, made up of 57,822 men, 34,402 women, and 12,000 children. On the other hand, there arrived from overseas "to settle in the United Kingdom" 29,000 persons, of whom 44,533 were men, 20,542 women, and 17,000 children. The British Board of Trade figures also show that Canada in 1915 received only 16,676 emigrants from the United Kingdom, while she sent back 20,000.

The change in the migration movement, so far as Canada is concerned, is probably due partly to war and partly to economic conditions here. The figures, at any rate, afford material for serious consideration.

## REVIVAL OF CATTLE-RANCHING

Cattle-ranching is the oldest and was at one time the most extensive form of farming in British Columbia. In the valleys of the Okanagan, Similkameen, Nicola, North and South Thompson, East Kootenay and in the upper Fraser country, similar to those of the prairie, were the principal agricultural industry. With the opening up of these districts by roads and railways, however, it has to a great extent disappeared.

"A correspondent of The Vancouver World comes forward with the statement that cattlemen, should be given the available portions of the north of the province, and that the industry should be revived on a large scale. He points out that there is plenty of agricultural country available, while at the same time it is useless for other kinds of farming. He says that the north of the province is the only place where the ranching industry can be revived on a large scale.

The ranching industry of the Argentine, a country with much the same agricultural conditions as British Columbia, is about eight times as large as that for the whole of Canada. Its prosperity is directly due to the assistance afforded by the government. In Argentina, the Argentine's export of five stock to Great Britain and elsewhere is enormous and is steadily expanding.

A correspondent remarks that a provincial government, or commissioner with powers similar to those of the Fishery Commission, should be appointed to assist the ranching industry. There seems to be a good deal in the suggestion to revivify it. There is no question that there are large areas in the north that are suited for cattle-ranching. There is no question, either, as to the desirability of making them available for the rancher. The province cannot afford to overlook any sources of agricultural wealth that may offer itself for exploitation. It is with a justifiability it could re-establish the ranching industry, such a policy ought to be adopted.

At any rate the whole question is one that ought to be looked into for British Columbia could do far more in raising live stock than it is doing. At present the industry is almost stagnant.

Ottawa Free Press: For the past eighteen months the principal national news has been at war, but the news hasn't reached the under-secretary of state's department yet. The seething tide of conflict has risen and revedled, but Mr. Joseph Pope and his staff have been oblivious. Such a magnificent display of sense /umps the admiration of The Free Press, and will no doubt be appreciated by its readers. Perhaps the explanation is that the matter has been so often talked brought to the attention of the department. There has been an oversight somewhere.

In referring to the German-United States unsettled matter of sinking merchantmen without warning, The Hamilton Herald says: "It is not with an honorable enemy to deal with it might be expedient to strike the naval officers of the enemy not to take into consideration the advantage of a merchantman's defencelessness. But Germany now threatens no new form of frightfulness. Her naval officers have sunk without warning many ships that were not armed. The Lusitania carried no guns. What German naval officer would have been so stupid as to permit a certain to do again whenever the opportunity offered, whatever profits might be made by the German government. Thus common sense and the facts of the present situation indicate that the sinking of merchantmen of the use of light guns on merchantmen for purposes of defence."

Stratford Beacon: What's the use for a new name for the United municipalities of Berlin and Waterloo when they have an excellent name at hand in Waterloo. Let the union take place under the name honored in England in battle for European freedom in the territory now temporarily dominated by the powers seeking world conquest—the modern Huns.

New York Times: To Mr. Joseph Ford the world is in itself a fairly efficient contrivance. That it is continually breaking down is the fault of the people in it. They do not know their parts, are very unmechanical, and waste their energy in producing garages, barges, and engines of going at once to the nearest disinterested service station. Hired and wrong to him are infinitely superior, definitely undisciplined, distinguishable to all the live sciences, like trout and near axes; and why any one who is not imbecile or malicious should not be so minded he cannot understand.
